Alex Long
Front End Software Engineer

Lincoln | 07411820679
alexlong.dev@outlook.com

Summary

With over three years of experience in developing scalable, enterprise-grade applications as a self-taught developer, I have cultivated a genuine passion for technology and its dynamic evolution. Driven by a natural inclination for creative problem-solving, I turned my passion for web development from a hobby into a fulfilling career.

Technical Skills

HTML/CSS (Scss)
JavaScript (TypeScript 5)
Vue 3 (Pinia, Nuxt, Ionic, Vitest)
React (Next)

Git | Accessibility | Agile | Firebase | Strapi CMS
UI/UX | PWA | Storybook | Jest | Cypress | Astro

Experience

Front End Software Engineer   July 2021 - Present
Feed It Back Limited

• Revamping outdated systems into robust PWAs with offline functionality.
• Producing an independent project for a consumer-facing website utilizing Nuxt 3.
